Plan Devised by President Vail Will Affect 175,000 Men and Women.

TO GO IN FORCE JANUARY 1

Sick Will Be Cared For, the Old Retired and at Death of Employe Family Will Get Insurance.

The 175,000 employes of the Bell system, comprising an industrial army twice as large as the standing army of the United States, will, on January 1, become beneficiaries of a \$10,000,000 fund for pensions, sick benefits and life insurance under a plan provided by President T. N. Vail, which is said to be the most liberal and comprehensive ever devised. Under it the families and dependents of the employes come in for their benefits, making altogether more than a quarter of a million beneficiaries.

The \$10,000,000 fund will be made from year to year by appropriations from the American Telephone and Telegraph Company and associated companies, the Western Union Telegraph and Western Electric companies. The Bell system and associated interests give employment to 175,000 persons. Of this number 130,000 are employes of the Bell telephone con-The total yearly payroll is \$115,000,000, something more than \$80,000,000 being paid out to the employes of the telephone system alone.

A thirty-year employe would get 30 per cent of the average salary received during his last ten years of service. No pension will be less than \$20 a month.

For accidents while at work the employe receives for total disability full pay for thirteen weeks and half pay until he returns to work, up to six years. Temporary disability brings the terms, except that half pay is given until the employe can earn a livelihood, not exceeding six years.

Full pay for thirteen weeks is provided for sick employes of ten years' service, together with half pay for thirty-nine weeks. Five to ten years' service brings the same full pay time, with thirteen weeks of half pay. Two to five years' service brings four weeks full pay and nine weeks' half pay. #### HELD AS "WIRE TAPPER" McDonald Fifth Man Whom Carolina Men Accuse.

Detectives Daly and Wilber, of Police Headquarters, arraigned in the West Side Court yesterday a man whom they said was James McDonald, fifty years old, living at the Hoffman House, on a charge of being a member of the wire tapping gang which recently got \$25,000 from two men from Wilmington, N. C. He was held in \$2,500 ball for examination tomorrow, when four other men previously arrested will be arraigned for a hearing

on the same charge. McDonald is accused of having represented himself as a Western Union Telegraph Company official, who could secure advance information regarding the Mary land races and enable his friends to bet in poolrooms before the returns from the races were given in. The gang, which according to the police, went to a great deal of expense to get the money from the two Southerners, operated in both Wilmington and New York. Dr. J. W. Powell, a dentist of the Southern city, and K. C. Sidbury, a lawyer, were swindled out of \$25,000 by the gang.

The detectives arrested McDonald or Saturday night on the top of a Riverside stage, which was proceeding through 74th street. The man readily admitted his identity, it was said. The detectives told Magistrate Murphy that Mc Donald had a long police record and was known under many allases. McDonald could not furnish bail and was committed to the West Side prison.
